

## Business Safety Planning Tips

- ODID has a list of recommended Security Firms that offer quality private security services (*See link on Resource page*)
- Develop a security "phone tree" between like-minded businesses to share information about common threats.
- If you are a hospitality venue, create a dress code, hire reputable concert promoters, and empower your bouncers to operate both within and immediately outside your front door.
- Annually check your burglar alarm, smoke alarms, and carbon monoxide alarms.
- Call 911 in ANY threatening situation - Dispatch will prioritize - and do not be afraid to "be the victim" and report the crime. Five minutes of your time could make your neighborhood safer for everyone.
- Educate your staff and clients that our Lionsgate Officers are available for late-night escort service to your parked vehicle.
